

I can't believe the irresponsibility shown by Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election. This is a clear example of the dangers of media consolidation and I intend to voice by vehement objections.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. This decision is a direct threat to our democracy and such abuse MUST be stopped.

The FCC is responsible for stopping such a blatant abuse of the public's airways. You need to over rule Sinclair's decision to abuse democracy and a free media.
